

Flachsauger
Flat suction cup

Artikel-Nr. / Part No.
111.0024

Material: Kautschuk-Elastomer / Rubber
Farbe / Colour: ■

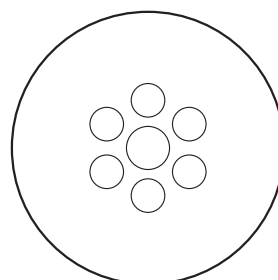

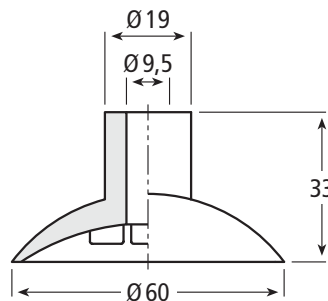

Flachsauger
Flat suction cup

Artikel-Nr. / Part No.
111.0034

Material: Kautschuk-Elastomer / Rubber
Farbe / Colour: ■

Flachsauger
Flat suction cup

Artikel-Nr. / Part No.
111.0026

Material: Kautschuk-Elastomer / Rubber
Farbe / Colour: ■

Sauger
Suction cups

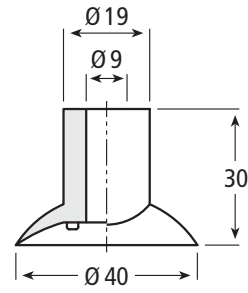

Die von uns verwendeten Werkstoffe wie Vulkollan®, Polyurethan- und Kautschuk-Elastomere zeichnen sich durch herausragende Eigenschaften aus:

- Elastizität und Flexibilität
- Ausgezeichneter mechanischer Verschleißwiderstand
- Hoher Weiterreißwiderstand
- Niedriger Druckverformungsrest
- Hohe Adhäsion und Griffigkeit

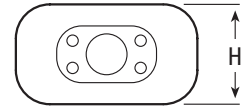

Our well-chosen materials such as Vulkollan®, polyurthane and rubber elastomers offer outstanding mechanical properties:

- Elasticity and flexibility
- Excellent resistance to mechanical wear
- Good tear propagation resistance
- Low compression set
- High adhesion and grip

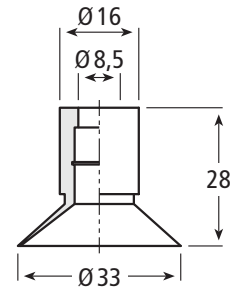

Tellersauger, oval
Oval suction cup

| Artikel Nr. Part No. | Höhe / Height H in mm |
|--|--------------------------|
| 111.0023 | 22 |
| 111.0040 | 30 |

Flachsauger mit Drahtgewebe
Flat suction cup with wire sieve

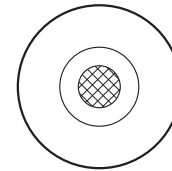

Artikel-Nr. / Part No.

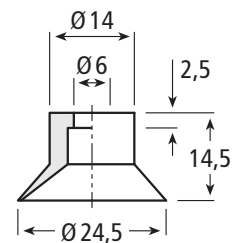

111.0013

Material: PUR

Farbe / Colour: □

Flachsauger
Flat suction cup

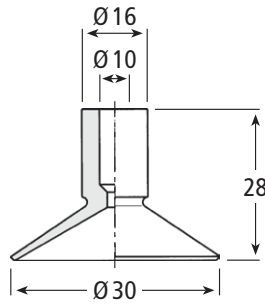

Artikel-Nr. / Part No.

111.0003

Material: massives, wasservernetztes,
gepresstes Vulkollan®
solid, watercrosslinked,
compression moulded Vulkollan®

Farbe / Colour: ■

Flachsauger Flat suction cup

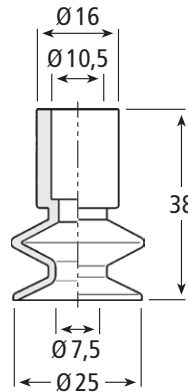

Artikel-Nr. / Part No.
111.0010

Material: Kautschuk-Elastomer / Rubber
Farbe / Colour: ■

Sauger Suction cups

Balgensauger Single bellows suction cup

Artikel-Nr. / Part No.
111.0009

Material: Kautschuk-Elastomer / Rubber
Farbe / Colour: ■
